

Your homework for this week is to:

1. Read the Syllabus.
2. Practice with your GUI and Command-line folders and files.
 - please write a short paper on your thoughts comparing and contrasting them both.
3. Take the Kahoot Quiz - post a screenshot of your results
4. Create a GitHub.com account.
5. Create a MART 120 repository.
6. Create a folder in for Homework 1 in your MART 120 repository
7. Submit your Kahoot screenshot to the Homework 1 folder.
8. Submit your short paper on GUI and command-line folders and files into the Homework 1 folder
9. Please introduce yourself in a video, post it to YouTube, and put a link in Moodle Discussions.
10. Submit your GitHub repository link to Moodle.

Specifics for Moodle

1. Turn in a link to your repository
2. Submit your introduction video to the discussion forum in Moodle.
3. Do your weekly check-in.
